

# Make a Real Difference on Your Trek!

It is not too long now until your unique adventure along the Kokoda Track, and you may now be considering what is a suitable gift to take with you to deliver to the local communities. There's nothing more rewarding than providing assistance where it's needed most. You can make a real difference to the lives of people living on the Kokoda track by taking much needed school resources with you.

No Roads Education have made your gift selection easy by developing the **Kokoda Track School Pack** containing essential items students need during their school year. Resources in schools are very limited and your kind donation will ensure that the students have the supplies needed to help them with their learning. Each pack contains school supplies to the value of \$30 (weight = 900 g).

If you would like to help the communities by purchasing one of these packs to carry in and deliver to the schools, you can place an order through the link below. We will ensure that the pack is delivered to you prior to your trek (as long as orders are received at least two weeks prior to your departure).

Orders can be placed at [www.kokodaexpeditions.com.au/kokoda-track-student-pack.html](http://www.kokodaexpeditions.com.au/kokoda-track-student-pack.html)

**Cost: \$30** (includes Postage and handling). Payment will be confirmed prior to packs being delivered.

Your family and friends can also order packs using the same link and we'll ensure they are delivered to the schools with upcoming expeditions during 2017.

Often groups decide that they would prefer to contribute by making a donation to help our education project along the Kokoda Track. Donations can be made at: .
